FRAUD CHARGES **AGAINST GIBSON BEFORE WHITMAN**

Attorney for Consul Accuses Lawyer of Conspiracy in Handling Mrs. Szabo's Will.

SENSATION PROMISED.

Two Women Met Tragic Deaths and a Third Client Disappeared Last Year.

The matter of the will of Mrs. Ross Snabo, who met a tragic death on Greenwood Lake on July 16 while boating with her attorney, Burton W. Gibson, was presented to the District-Attorney's office this afternoon when Pullip R. Strink, associated with Atterney Kremer, who represents the Austrian Consul-General, called upon Assistant Prosecutor Murphy and laid before him a bundle of affidavita charging conspiracy and fraud against Gibson in what promises to be the most sensational will case of many years.

Mr. Strick was accompanied by Pinkerton detectives and witnesses discovered by these detectives in the interest of the investigation being made at the beliest of the Austrian Empire.

Earlier in the day Mr. Strick had

called upon Attorney Gibson in his of-fice at No. 66 Liberty street and served upon him an order to show cause why he should not be removed by Surrogate Fowler as administrator of the estate of Mrs. Ssabo. This order is returnable on

The salient point in the proceedings before Surrogate Fowler is that whereas Attorney Gibson sought to establish that his "Petronella Menschik" was the only surviving relative of Mrs. Szabo he must have known that Petronella Menschik was dead and that the testator had five brothers and sisters living in Austria.
